

WANTS, FOR RENT AND SALE, PERSONAL

18TH YEAR—WHOLE NO. 5,383.

WOODWARD & LOTHROP.

The demand for Woolen Dress Fabrics having been curtailed to a large extent by the unseasonable and unfavorable condition of the weather, we have concluded to inaugurate a

Grand November Reduction Sale in order to move the large purchases made, and at the same time give our customers an opportunity to secure fine Imported Dress Goods at prices usually asked for far inferior qualities.

In order to fully appreciate these values it is necessary to take into consideration the completeness, variedness and attractiveness of the stock and the low prices at which they are now offered, and then make comparison with the figures quoted below, which are, without question, the lowest ever named on goods of a similar character.

Lot 1—9 pieces 42-inch Rough Boucle Suiting, splendid colorings, in rich effects, reduced from \$1.25 to 75c per yard.

Lot 2—16 pieces 42-inch French Diagonal Cloth in all the fashionable shades, reduced from \$1.25 to 75c per yard.

A Day of General Handshaking at the White House.

HUNDREDS OF CALLERS.

A Number of Changes in the War Department.

THE TELEPHONE CASES.

Their Further Hearing Before the Interior Department.

GENERAL AND PERSONAL.

The Sterling Case.—The Civil Service Commission had a long session to-day, at which the Sterling case was again considered, but no information could be gained from the commissioners as to what will be done.

Postal Expenditures and Receipts.—Sixth Auditor McConville of the Treasury Department in his annual report says that postal revenues for the year ended June 30 last were \$42,660,848 and expenditures for the same period \$42,660,848, an expenditure of \$42,660,848.

Maryland Postmasters.—The following four class postmasters were appointed to-day in Maryland: T. Haughey, Glyndon; W. W. Wells, Hampstead; J. V. Eckenrode, Harvey; Robert Sullivan, Jr., Mount Airy; Oliver M. Kitchin, Uniontown; Henry S. Pich, Wings Mills.

Wer Department Changes.—The following changes have been made in the War Department under civil-service rules: Jas. H. Colwell of Pennsylvania, David Moody of Ohio and Alex. B. Legare of South Carolina, appointed to clerkships of the \$1,000 grade, and Jacob H. Richardson to class one in the Adjutant-General's office. The light-house service should be inspected by special agents.

Customs Receipts.—The annual report of the Commissioners of Customs shows that \$6,511 claims were settled during the year. The business of the bureau resulted in receipts of \$188,307,907, and payments of \$17,125,462. The Commissioner recommends the establishment of a staff of special agents to enforce the laws concerning refund of duties, and a provision of a fixed salary for chief clerks.

Charges Against a Maryland Postmaster.—Charges were recently filed against Benjamin Hardesty, postmaster at Collington, Prince George's County, Md. It is alleged that on October 1st Postmaster Hardesty established a staff of special agents to enforce the laws concerning refund of duties, and a provision of a fixed salary for chief clerks.

Sergeant Benjamin's Promotion.—There seems to be little doubt that Sergeant D. L. Barnard, the trusted aide of Lieutenant Greely in the late days of starvation and heroic endurance in the Arctic, before the relief by Commodore Schley, will be very soon promoted to second lieutenant and assigned to one of the cavalry regiments. It is stated by authority that the delay has been only because the President "has not yet reached the matter."

Yesterday's Late Presidential Appointments.—The President late yesterday afternoon appointed Samuel J. Tilden, Jr., to be collector of internal revenue for the Fifteenth district of New York, and William Hyde to be postmaster at St. Louis. Colonel Tilden is a nephew of Samuel J. Tilden, a prominent manufacturer of chemicals and a member of the senate of the State of New York.

The Telephone Hearing.—The telephone hearing was continued to-day before Secretary Lamar, Assistant Secretaries Mendenhall and Jencks, Assistant Attorney-General Montgomery and Commissioner of Patents Montgomery. Mr. Mendenhall, the patent who claims to have invented the telephone in 1849, was present. The hearing to-day up to the present at noon continued the hearing of affidavits to show that the telephone was not invented by Bell. After the recess Colonel Gaunt explained and enlarged upon the testimony that Bell had been the inventor of the telephone.

Handshaking at the White House.—The number of people who paid their respects to the President today was unusually large. The President was about twenty minutes late in coming down to the East room, and when he entered there were not less than 250, and probably 300 persons waiting to shake the hand of the Chief Executive officer of the nation. First of all was a very young-looking elderly gentleman who got at the head of the line to introduce a friend or two, and the President disposed of them promptly but courteously. Then came along a person who acted like an office-seeker's friend, but he, too, was easily disposed of.
